

Wastewater Treatment Plant Upgrades

YOU'RE INVITED!

OPEN HOUSE at Laguna Town Hall

Major upgrades to Regional San's wastewater treatment plant will soon begin, with multi-year construction of the EchoWater Project bringing more traffic to local roadways, especially along Laguna Boulevard between I-5 and Dwight Road.

WHAT: Join us to learn about EchoWater Project construction and how Regional San is working to minimize traffic impacts.

WHEN: Thursday, April 9, 6:30 p.m. to 8:00 p.m.

WHERE: Laguna Town Hall, Classroom #2, 3020 Renwick Ave.

Hosted by Sacramento Regional County Sanitation District (Regional San). Regional San provides wastewater conveyance and treatment services to residential, industrial and commercial customers throughout unincorporated Sacramento County; the cities of Citrus Heights, Elk Grove, Folsom, Rancho Cordova, Sacramento and West Sacramento; and the communities of Courtland and Walnut Grove.
