

REQUEST FOR PROPOSALS

FOR

ON-CALL ENVIRONMENTAL ENGINEERING SERVICES

**SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT
OPERATIONS DEPARTMENT**

Issue Date: October 17, 2014

Due Date: November 20, 2014

1. Introduction

The Sacramento Regional County Sanitation District (Regional San) provides wastewater conveyance and treatment to the greater Sacramento Area – including residential, industrial, and commercial customers. Wastewater from local collection systems is discharged into our 172 mile network of interceptor pipelines, which conveys the wastewater to the Sacramento Regional Wastewater Treatment Plant. At the plant, approximately 150 million gallons of wastewater are treated and safely discharged into the Sacramento River each day.

Prior to the regional treatment plant coming online in 1982, there were 22 separate smaller wastewater facilities that provided wastewater treatment to the Sacramento Area. Regional San took ownership of these sites during the regionalization efforts. Some of the properties have been repurposed for other uses, while others have remained abandoned.

Regional San is in the process of listing a number of properties as surplus real property. In some cases, Phase I & II site assessments may be necessary to move forward with selling the properties.

To support this effort, and other miscellaneous needs Regional San may have, it is our desire to contract for services of an environmental engineering firm to perform on-call environmental engineering services. Regional San is inviting engineering consulting firms (Consultants) who have prior experience with water and wastewater utilities to submit proposals.

The anticipated term for the on-call environmental engineering services contract shall be two (2) years, with the potential opportunity to extend.

The contract not-to-exceed amount shall be \$50,000.

2. Objective

The objective of this request is to retain a Consultant to perform environmental engineering services for Regional San on an as-needed basis as determined by Regional San.

3. Scope of Services

The Consultant shall provide environmental engineering support services including, but not limited to, the following:

- Phase I & II environmental site assessments
- Review of environmental work performed by others

The following tasks may be needed in association with the environmental support services discussed above:

- Document review
- Sampling services
- Report preparation
- Cost estimation
- Meeting attendance
- Coordination with other Regional San consultants

The Consultant will be expected to provide written reports, technical memorandums, calculations, and other documentation as necessary.

4. BASIS FOR COMPENSATION

Compensation will be on a time and materials basis with a not to exceed ceiling for the entire contract. The services to be performed under this contract will be on an “as-needed” or “on-call” basis with the scope of work and level of effort to be negotiated and agreed upon by both parties prior to execution.

If the prime Consultant intends to solicit sub proposals and/or quotes for certain tasks from qualified sub-consultants, subcontractors, other service providers, and suppliers, the prime Consultant must not discriminate in the solicitation process and is encouraged to include qualified minority and women-owned firms in such solicitation opportunities.

The cost sheet(s) will be submitted in a separately sealed envelope. After the qualifications rankings have been made, only the cost sheets of consultants that Regional San enters into negotiations with will be opened. Cost sheets will be returned unopened to all other consultants.

Ranking of the proposals will be based on an assessment of capability/qualifications criteria. Proposals will be evaluated in three (3) phases as follows:

Phase 2: Proposals that meet the requirements in Phase 1 will be evaluated and scored using the following table. The table identifies criteria used in the determination of the final proposal ranking. If any single criterion score fails to be above zero, the proposal will be automatically rejected.

Item	Rating Criteria	Possible Points	Score

Phase 3: Those proposals with a score of less than 70 will be disqualified. Cost information for the highest ranked proposal will be opened and Regional San staff will enter into negotiations with this Consultant. If a mutually agreeable contract is unable to be negotiated, Regional San will disqualify the Consultant and move on to the Consultant with the next highest ranked proposal. This process will continue until a contract is successfully negotiated or the entire list of eligible consultants is exhausted. Once a mutually agreeable contract is negotiated, the remaining sealed cost sheet(s) will be returned to the Consultants.

9. FINAL SELECTION AND NOTIFICATION

The selection of the Consultant and the negotiated contract will be presented to the District Engineer for approval. Selection will be made on or about December 5, 2014, subject to final approval by the District Engineer.
