

**QUESTIONS AND ANSWERS
RFP NO. 8376**

FOR

WASTE REMOVAL SERVICES

**SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT
SACRAMENTO AREA SEWER DISTRICT**

AUGUST 28, 2020

- Q1) Your bid sheet worksheet 3 (Page 34) is requesting rates. Example the first line is requesting rates for 2 yard FL Trash bin with a frequency of 1-6 X per week. Are the rates we post to be a per pick up rate or a monthly rate? This will only be for the 2 yard through 8 yard Front Load (FL) services.
- A. Rates requested are per week. Please refer to the Revised Worksheet 3 – Vendor Price Proposal, which replaces page 34 of RFP, and is included in Addendum #1.**
- Q2) In the Worksheet 3 – Vendor Price Proposal. Can you correct the “Waste type bin” column beginning with 10yd moving down to 40yd? Even though the haulers know they are roll-off sizes, there might be some confusion with others."
- A. The load type of 10 yd to 40 yd bins is Roll-Off (RO). Please refer to the Revised Worksheet 3 - Vendor Price Proposal, which replaces page 34 of RFP, and is included in Addendum #1.**
- Q3) You are also requesting a rate for a 10 yard FL. Front Load bins only come as large at 8 yard. Did you mean to put 10 yard Roll-Off (RO) Trash (Line 7)?
- A. The load type of 10 yd to 40 yd bins is Roll-Off (RO). Please refer to the Revised Worksheet 3 – Vendor Price Proposal, which replaces Page 34 of RFP, and is included in Addendum #1.**
- Q4) For your RO (Roll-Off Services) we are only allowed on entry per container size. Roll-Off Services are billed with both a haul rate and a disposal rate per ton. Can we enter both a haul rate and disposal rate per ton in the same square? Example \$150 haul rate & \$25 per ton disposal rate?
- A. Please list the Disposal Rate separately. Please refer to the Revised Worksheet 3 - Vendor Price Proposal, which replaces Page 34 of RFP, and is included in Addendum #1.**
- Q5) Are you requesting any additional specially designed, contractor owned Roll-Off Bin in addition to the equipment already provided on site?
- A. No. However, please refer to Section IV. Scope of Services, on page 8 of the RFP, which states, “The Districts reserve the right to add, delete, or change serviced locations; frequency of pick-up; pick-up days; or capacity of containers. Additional services, locations, or capacity shall be priced accordingly using the fixed fee unit prices established in this RFP.”**

Abbreviations: Roll Off (RO), Front Load (FL), Cubic Yard (Yd)
