

Questions and Answers #3
RFP#8350 Sodium Hydroxide

1) What is the actual annual quantity usage / volume for Caustic Soda 25% and 30%?

- For N52, we do not have an actual annual usage value.
- For Area 9 over the past few years, the annual usage has been 4770-9540 gal.

2) What is the contract effective date?

- The contract effective date is anticipated mid-September 2019.

3) What are the previous tabulations for Caustic Soda 25% and 30%?

- Previous quote for caustic soda at 50% was \$720/DST.

4) I noticed that an added requirement is the supplier must be ISO 9001 certified. Is this a new requirement? Is the current supplier ISO certified?

- This is not a new requirement. Yes, the current supplier is ISO certified.
