Power Inn Pump Station (N52)
Robicon 454GT 200HP AFD 100
Robicon 454GT 200HP AFD 200
Robicon 454GT 200HP AFD 300

January 28, 2021

Addendum No. 1

RFP#8381

The following pump station has been added to the project in lieu of N53.

The Power Inn Pump Station (N52) receives wastewater from the Central Trunk tributary area and Proctor and Gamble. Wastewater from the pump station is then conveyed downstream via a 36 inch force main to the Central Interceptor and eventually to the Regional San Treatment Plant. The station currently has a maximum capacity of 22 mgd.

**N52 Pump Station
Address: 8150 Fruitridge Rd, Sacramento, CA 95826**

A mandatory pre-proposal meeting will be held at N52 on Thursday February 11, 2021 at 10AM. Attendance of the pre-proposal meeting on 1/21/2021 at N53 is not a substitute for this meeting - All vendors who want to submit a proposal for this project must attend and sign-in at the pre-proposal meeting located at the N52 Pump Station, 8150 Fruitridge Rd, Sacramento, CA 95826.

Proposers shall verify all physical dimensions and wire layouts prior to proposal submittal.
