

ADDENDUM NO. 1

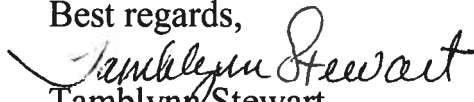

RFP#8387 Activated Carbon for Odor Control

SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT

The following changes in red are amended in RFP#8387 Activated Carbon for Odor Control page 11.

Delivery Requirements: Suppliers that intend to utilize the services of a third party hauling company for product delivery are responsible for ensuring that the hauler they have selected can and will deliver their product to Regional San. Failure to provide this assurance and submit an affidavit may be cause for rejecting their proposal. Delivery date of product must be coordinated with Regional San in advance. The Supplier must notify Regional San of any delivery delays or other issues at least 24 hours in advance of the scheduled delivery. ~~Deliveries days are Monday through Friday between 7am to 1pm, with exception of observed holidays. Upon delivery, the Supplier is responsible for offloading the product into a location specified by Regional San staff.~~ Upon delivery, Regional San staff will be responsible for offloading the product into a specified building. Regional San will supply a forklift, forklift driver, and spotter to unload carbon media.

Best regards,

Tamblynn Stewart
Sr. Contract Services Officer
