

## Questions and Answers

### RFP#8425 Temporary Engineering Staff Augmentation Services

#### Question #1

What is the expected annual contract value resulting from this RFP?

There are 3-6 full time assistant engineers expected to be filled under this contract for at least a year. The current budgeted amount for this contract is around \$1,000,000, but that number will fluctuate depending on need.

#### Question #2

Is this a new requirement? If not, please share the name(s) and previous spending of incumbent vendors.

Linda Rodgers, \$800,000 per year approximately  
Stantec, \$300,000 per year approximately

#### Question #3

How many firms does the agency intend to award?

1 to 3

#### Question #4

Is this contract an as needed basis or are the positions full time?

The positions will be full time, but the number of positions could change year to year.

#### Question #5

How many hours are expected from each type of position(s)?

3 to 6 assistant engineers full time.

#### Question #6

How many FTE's are expected from this contract?

3 to 6

#### Question #7

Can the mode of submission be changed to e-mail as the questions are due on 08/05/2022 and the responses on 08/18/2022 that too via mail.

The mode of submission will remain as is.
